An alien from outer space studying the Catholic Church of the last few decades might be puzzled at the frequency and apparent significance of the phrase felt banners in Catholic discourse.

### **Chairman | About | United States Senate Committee on ...**

I left ClariNet in 1998 after Individual merged with Desktop Data to form Newsedge Corporation. Newsedge's strong focus on business news delivery is the right strategy, but I decided to take a new direction. Since then I've done various part-time projects, including a founding role in Topica and investment and advising for a variety of startups.
